

## AMBIKA CHOUHAN MSc Landscape Planning and Assessment, MA Landscape Architecture, BA Architecture

Ambika is a Chartered Landscape Architect with over 10 years experience. Since joining Sprunt as head of the Landscape Studio last year, Ambika has worked on a number of projects ranging from housing to leisure. She has an in-depth experience in landscape design and delivery, from master planning through to detailed hard and soft landscape and specification. She has a keen interest in sustainability, environmental planning and cultural landscapes.

Ambika has a flare for design and research and can balance between technical and operational areas. She has excellent communication and presentation skills and is comfortable working independently and as part of a team. She has worked on a range of projects including education, healthcare, commercial and urban design, from concept through to detailed design and coordinated projects from schematic design through to construction and administration for commercial, high-rise residential developments and resorts.

Key strengths include strong passion for design, project management, bidding for new work and excellent delivery of projects under tight timescales.
